

**FASHION SHOW, 2nd Edition - Gallery 1**  
Friday, 5th December 2014. Doors open: 6.30pm - Start: 7.30pm

**PROLOGUE**

No event showcases the skill of the designers, makers and couturiers of St Margaret's House better than the Fashion Show. All of the garments and creations on the runway were either designed or made in-house and the models are residents or supporters of our artistic community. The wide-ranging vibrancy of the arts community will become clear in this annual fusion of art and fashion.

Bespoke Harris Tweed couture is presented alongside an award-winning series of inimitable felt hats, collars and sporrans. Students from the building's resident charity Upward Mobility unveil handiwork. The showcase also comprises a curated jewellery collection by resident and invited jewellery designers and luxurious accessories made from traditional handmade methods share the runway with futuristic costume designs. Fine felt scarves and collars follow unique, handmade hats and headpieces down the catwalk.

We hope you enjoy this event as much as we have enjoyed putting it together!

**Upward Mobility Project**  
*Collection: Geisha Girls*

The UpMo Fashion workshop has designed and made a collection inspired by Japan's Geishas. The class started the project by researching and looking at images of Geisha girls. From there the students started to work on design drawing for their kimonos which was then followed by making the costumes and props. Students involved: Raygen Bold, Sandra Smith, Annie Dow, Jennifer Baird, Nicola Stieger, Stefany Bellemo and Joy Munro.
